Bits and pieces of Amite County news, believed to be of interest to the Amite County Historical and Genealogical Society, were gleaned from the six volumes of the Woodville Republican, Mississippi’s oldest existing newspaper. These volumes, published by Heritage Books, Inc. were abstracted and compiled by O’Levia Neil Wilson Wiese. With permission from the compiler, members of the society have a chance to take a peek at her compilations.

TREATMENT OF YELLOW FEVER -- Captain Jonas P. Levy, late of the U. The whole to be taken at one dose, (by an adult). Then a hot mustard foot bath, with a handful of salt in the water --the patient to be well wrapped in the blankets until perspiration takes place freely. On removal to bed, the feet of the patient to be wrapped in the blanket. Afterwards apply mustard-plasters to the abdomen, legs and soles of the feet. If the head-ache is very acute, apply mustard

They formed the American party, often called the Know-Nothing party, since when asked about the party would reply "I don't Know"][1]

We hasten to make the knowledge we never heard of a skeeter in all our lives till within a few days past, and in no place we have ever been but Woodville. About last Thursday they took possession of our office--determined not to be conquered without a struggle--we commenced an attack with tobacco smoke, which soon became so dense we were smoked out ourselves. (This was repeated the next day and to his astonishment, the skeeters had become used to the tobacco smoke.) We are compelled to keep the tobacco locked up out of their reach, and while we write, 3,000 skeeters more or less, like hungry friends, are sucking the life-blood from our hands, face and nose, and another installment having just whetted their bills on the hearth, have attacked us through our clothes. We have little hopes of surviving.
